EU REACH: Regulatory compliance of YUPO® products

YUPO Corporation group is fully aware of the progress on the European REACH regulation (EC) No 1907/2006.

Substances manufactured in Europe or imported into Europe in amounts of more than 1mT / year must be registered. Preparations and articles are not essentially subject to registration.

To answer the most frequently asked questions about REACH, we have prepared the following statements:

-
- Our products are categorized in articles and are outside of the REACH regulation.
 - Our products do not contain intentionally released substances.
 - Our products do not contain SVHC (as defined in this regulation) exceeding 0.1 wt%.
-

If you should have any questions regarding any of the above, please feel free to contact us.
